

Hostinger Setup Tutorial (Hindi + English)

Step 1: Hostinger Website Pe Jao

Browser kholke jao: www.hostinger.in

Yeh Hostinger ki official site hai jahan se domain aur hosting dono milte hain.

Step 2: Hosting Plan Choose Karo

Scroll karo aur hosting plan select karo:

- Single Web Hosting: Basic website ke liye
- Premium Web Hosting: Free domain + 100 websites (Best for beginners)
- Business Web Hosting: High performance

Click 'Add to Cart' ya 'Select' pe.

Step 3: Duration Select Karo

12 ya 24 months plan loge toh free domain milta hai.

Select karne ke baad 'Checkout Now' pe click karo.

Step 4: Account Create Karo

Email dalke ya Google account se sign up karo.

Step 5: Payment Karo

Payment options:

- UPI (PhonePe, GPay)
- Debit/Credit Card
- PayPal

Payment ke baad aapke liye dashboard unlock ho jayega.

Step 6: Domain Name Register Karo

Free domain wale plan me aapko domain select karne ka option milega.

Hostinger Setup Tutorial (Hindi + English)

Apna desired name daalke 'Search' karo, fir register karo.

Step 7: Website Setup Karo

Aap WordPress install kar sakte ho ya apna HTML/CSS upload kar sakte ho.

Hostinger auto installer bhi deta hai for easy setup.

Step 8: Website Live Ho Jayegi

Sab steps complete hone ke baad aapki website internet pe live ho jayegi.

Dashboard se manage kar sakte ho domain, emails, site files, etc.
